THE INSTRUCTION

WE EXTEND a loving invitation to all who sincerely seek the "Light" and the Constructive Way of living to attend this series of Discourses on the "MIGHTY I AM PRESENCE."

We have been commissioned by the Ascended Master, Saint Germain, and Others of the Ascended Masters to present to the people of America and the world Their understanding and use of the Great Creative Word,—"I AM."

The Ascended Masters' use of the word, "I AM," is the Law of Vibration which produces PERFECTION and They urge the students to prove this to themselves that they may experience the PERFECTION they crave.

It is Their application of this one Eternal Law which can and will solve every problem of mankind harmoniously and permanently, be it individual, national or international. Through Its use, every human problem can be turned into a Miracle of Perfection NOW and made to yield victory and freedom to the earth.

Only Their Consciousness can dissolve human mistakes or problems and THIS They are releasing in Its full power that all, who want the Constructive Way of Life, can have an infallible definite means of protection and attainment—NOW.

These Discourses, all on the "MIGHTY I AM PRESENCE," are the gift of Light and Love from the Ascended Masters to humanity, in this hour of the world's crisis for the protection and freedom of those who want the PERFECTION of Life.

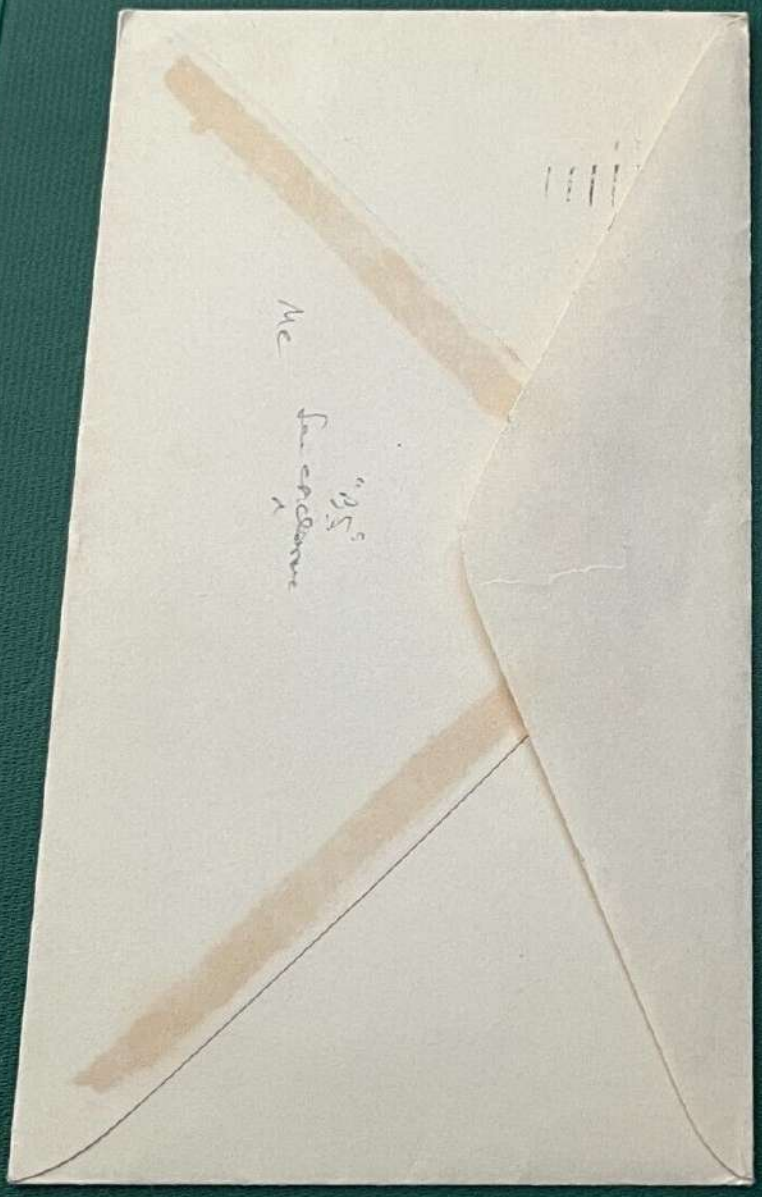
Only Love, Wisdom, and Power that is more than human can solve the problems of the outer world today and in the years just ahead. The Ascended Masters' Power can and will produce PERFECTION in every situation, if released into dynamic action through the call to the "MIGHTY I AM PRESENCE."

This means complete and Eternal Freedom to everyone who can accept and apply the instruction which they present in these marvelous Discourses. Every word in them is from the Ascended Masters direct and they contain no human concept, but are Their Consciousness released for the freedom of mankind—NOW.

Only They can convey the radiation or feeling of the completed Victory and PERFECTION, for They are the living fulfilment of that Ideal made REAL.

The Ascended Masters have given the instruction. We have put it in book form that the students might have it for permanent reference. Each class has made it possible for the succeeding class to have us with them. This has been done through the application of the "MIGHTY I AM PRESENCE" by Love Gifts that others might receive the joy and freedom they have experienced. In this the student must always be free to follow only the dictates of his own heart.

This work is spiritual and practical but is not commercialized. We and those who are assisting us are devoting our entire lives to the expanding of this "LIGHT" that all who desire the Constructive Way of Life may receive this understanding and be free.



Classes have been held during the past year in Philadelphia, New York, Boston, Washington, D. C., West Palm Beach, Miami, Pass-A-Grille, Dallas, Los Angeles, San Francisco, Seattle, Pasadena, Long Beach, San Diego, Kansas City, and Toledo. In all the return engagements the attendance has more than doubled.

We welcome all sincere seekers of the LIGHT that they may receive the Ascended Masters' Instruction and Radiation and through that do protective work for themselves, America, and the world.

We always reserve the right to refuse admittance or have anyone removed from the audience at our discretion.

THE BALLARDS.
